## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 20 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. "the pFET device" and "the nFET device" should those be a pFET device and a nFET device or claim 20 is dependent on claim 19?

### ***Allowable Subject Matter***

Claim 20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim 14, 18-19 and 21-26 are allowed.

The following is an examiner's statement of reasons for allowance: Claims 14, 18-19 and 21-26 are allowable over the reference of record because none of these references discloses or can be combined to yield the claimed invention. Chan discloses a lower semiconductor device having an active region comprising a semiconductor with a first crystal orientation; and an upper semiconductor device having an active region comprising a semiconductor with a second crystal orientation, however Chan fails to disclose a bonding layer disposed between a top of the lower semiconductor device and a bottom of upper semiconductor device and bonding the upper semiconductor

device to the lower semiconductor device and the first and second crystal orientation is different from each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
